¹ The names of the clubs given by individual respondents are indicated here in the form as noted in the surveys, including the abbreviations allocated. Any inaccuracy regarding club names (for instance, the omission of part or all of the club's full name) is down to the response gained from the individual, but shown here without correction. Each club name is mentioned only once, although in the survey itself some of the club names occurred more than once as more than one member from certain clubs was interviewed.
